

**DOWNTOWN DUMPSTER
Policy & Procedure**

The purpose of this policy is to provide guidance for contractors working in the downtown area. At any one time a contractor may have only one dumpster on-street in front of, to the side of, or in the rear of the building where they are working.

Dumpsters must be dropped or removed before 10am or after 3pm. This is to lessen the impact on businesses and parking during peak times. The Parking Enforcement Officer is the point of contact and is available to coordinate activities regarding material deliveries and contractors parking.

The Fee is applicable to all dumpsters placed on the street in the downtown district. There will be no charge for the first two weeks of dumpster placement; each additional two week period is \$90.
